

Workshop “Current achievements in Neurobiology & Neurochemistry”

Krasnoyarsk State Medical University
named after Prof. V.F. Voino-Yasenetsky,
Research Institute of Molecular Medicine & Pathobiochemistry
(room 6-30/June 05, 2019)

15:00-15:30 «Current trends in Neurosciences»

(Prof. Alla B. Salmina)

15:30-16:10 «Social Brain»

(Prof. Haruhiro Higashida)

16:10-16:30 «Optogenetics in brain studies»

(Anton N. Shuvaev, PhD)

16:30-16:50 «Modern technologies for studying complex
behavior in laboratory animals»

(Prof. Olga L. Lopatina)

16:50-17:10 «Modeling enriched environment in
experiment»

(Prof. Vladimir V. Salmin)

17:10-17:30 «Modeling neurogenic niche in vitro»

(Andrey V. Morgun, PhD)

17:30-18:00 «New models from the Allen Institute: brain
sync and stem cell mitosis»

(Prof. Peter I. Belobrov)
